

Committee meeting minutes – March 3rd, 2013

Members in attendance:

Richard Jones, Chairman

Liam Bennett, Secretary

Owen Carl, Treasurer

Duane Johns, Publicist

Matt Brown, Website Officer

Darren Crowley, Terrain Officer

Topics discussed and outcomes decided upon:

1. Website interviews: Duane and Liam are to complete articles about themselves and how they got into war gaming. Once done, these will be forwarded to Matt ready to be uploaded onto the site. Tentative discussion held re: the setting up of a club affiliated blog. Content undecided but possibilities include individual army blogs or club campaigns.
2. Advertising: No response from the Gazette newspaper but posters are complete and word of mouth/website hits is positive.
3. Terrain: The new road terrain purchased by Richard on behalf of the club is en route. Darren has pledged to complete a terrain census by mid-march so that we can accurately gauge what terrain needs the club has. 'Space Hulk' terrain boards are taking up a lot of storage room; idea broached to possibly renovate them and record this in blog format. No decision made yet.
4. Library: Massive response to the library with far more donations made than expected.
5. AOB:
 - Club members have been invited to an Apocalypse game being held in Brecon by another club. Decision was made to subsidise entrance costs for the game as it meets the objective of forging links with other clubs.
 - Salute trip has been cancelled as a club event as costs are prohibitive.
 - Unofficial chat was had about keeping the stage area clear for other groups. This will reduce potential Health and Safety risks.
 - A discussion was held with Lewis (a recent joiner on the forum) re: the club possibly supporting a store opening in the area. Committee willing to support through community events and running campaigns through the store but no set timescale was provided to us.
